

Get the help you need when you need it most

**The Substance Use Centers
of Excellence Program is here to help.**

If you or a loved one is coping with substance use issues, Evernorth can assist you in finding the appropriate treatment provider to address your clinical needs.

Choosing the right health care facility is an important decision. Evernorth has identified in-network providers that provide quality, cost-effective care to help you and your treating provider make this decision

These Substance Use Centers of Excellence providers:

- + Offer the following substance use disorder treatment programs:*
- + Inpatient, residential, partial hospitalization and intensive outpatient
- + Offer annual admission and readmission standards
- + Are cost effective

Did you know?

Some of the programs offered by the Substance Use Centers of Excellence are specifically tailored to treat first responders, adolescents, women-only and those with chronic pain. Programs include recreational activities such as music therapy, yoga, equine therapy and art therapy.**

Questions? We're here to help.

Contact us if you need more information.

Just call the number on the back of your ID card.

For a list of Substance Use Centers of Excellence providers, please see the chart on the back of this flyer.

* All participating facilities provide an inpatient or residential level of care (which are subject to prior authorization) with a step down to a partial hospitalization (PHP) or intensive outpatient program (IOP), which may be subject to prior authorization. **The following services may not be covered:** Services considered to be experimental, investigational and unproven, and nonmedical ancillary services including, but not limited to, educational services, custodial services, vocational rehabilitation and counseling services, religious counseling, work-hardening programs and driver safety programs. This is not a complete list of plan terms and plans may vary. See your plan documents for details of your specific health plan.

** While nonmedical ancillary services are generally excluded from coverage under a health plan, they are included with the authorized substance use disorder treatment program provided by the designated providers at no additional expense to the Cigna customer. Boarding expenses offered in regard to covered outpatient programs are available at the customer's expense.

The Designated Substance Use Treatment Provider program is not a guarantee of the quality of care that will be provided to individual patients. You should consider all relevant factors and consult with your treating doctor when choosing a provider for care. Providers are solely responsible for any treatment provided to their patients. Providers are not agents of Evernorth.
